

LDTTC Calendar 2016

It's that time of year when I need you all to dig out your favourite photos of your dogs for inclusion in next year's calendar. Once again, we have some very generous sponsors who each sponsor a month in the calendar to help keep the costs down, so that you can buy copies for just £7.50 each to give as Christmas presents to friends, family etc.

YOUR dog will feature at least twice (so make sure you send me at least two photos - the more the merrier so I can pick the best). The photos can be any size, but the better the quality, the better it will look in the calendar. Photos must be of your dogs only - with other pets if you like - but **NO PEOPLE**.

Close ups are good, but make sure there is enough border for me to round off corners without cutting your dog's ears off!

Email me at lynn_gibney@talktalk.net, hand them to your trainer to pass to me, or pop them through my letterbox at Kingfisher House, 9 Rex Avenue, Ashford, TW15 2DA

Agility & Parking

Apart from the new Beginners Classes, **ALL** agility classes are moving to Sunday mornings with effect from 6th September.

As there will be **6** agility classes running side by side from 10 am to 1pm and 2 obedience classes in the barn from 9.30 - 11.30 am, parking at the farm will be **EXTREMELY** limited.

Please do **NOT** block in other cars.

Please **DO** park as close as possible to other cars so that as many cars as possible can park - there is ample room for **5** cars in front of the wooden fence.

Do **NOT** waste spaces by parking badly

ALWAYS park with due care and consideration for fellow club members

If the parking area is full please use the public car park in the village or the surrounding roads - but be mindful of not being a nuisance to our neighbours

Thank you.

HOW TO CONTACT YOUR TRAINER

As a courtesy, the trainers appreciate it if you contact them to let them know if you are running late or cannot attend your class. If it's the same day as your class, it's best to ring rather than email. The Club Mobile is primarily for new enquiries and should not be used to pass on messages for trainers.

"Laleham Dog Training Club Display Team"

Does your dog have good heelwork?

Do you or your dog have a sense of rhythm?

Have you ever watched the Southern Counties Golden Retriever Display Team and thought how cool it would be if your dog could do that?

(check out <https://www.youtube.com/watch?v=HvI4sV5Mlmg>)

LDTC is going to start its own Display Team. If you are interested, please email Lynn on lynn_gibney@talktalk.net

The first class will be on Thursday 3rd September at 8.30pm in the Barn. Classes will cost £3 per session

Tellington TTouch

Tellington TTouch is a method based on circular movements of the fingers and hands all over the body. The intent of the TTouch is to activate the function of the cells and awaken cellular intelligence - a little like "turning on the electric lights of the body."

Developed by internationally recognized animal expert, Linda Tellington-Jones, PhD (Hon), this method (based on cooperation and respect) offers a positive approach to training, can improve performance and health and presents solutions to common behavioural and physical problems.

It also helps establish a deeper rapport between humans and animals through increased understanding and more effective communication.

Using a combination of specific touches lifts, and movement exercises, TTouch helps to release tension and increase body awareness. This allows the animal to be handled without provoking typical fear responses. The animal can then more easily learn new and more appropriate behaviours. By using the TTouch and a variety of other tools you can assist the animal in experiencing self-confidence in previously frightening situations. Even the most difficult problems are often eliminated. You can also learn how to apply the Tellington TTouch to assist with recovery from illness or injury, or just enhance the quality of your animal's life.

The Tellington TTouch can help in cases of:

Excessive Barking & Chewing

Leash Pulling

Extreme Fear & Shyness

Aggressive Behaviour

Jumping Up

Resistance to Grooming

Excitability & Nervousness

Car Sickness

Problems Associated With Aging
